

The Association Plans Completed

Chamber of Commerce, Faculty and Students to Act As Hosts.

Plans for the third annual teachers' association here, Thursday, Friday, and Saturday, Oct. 14, 15, and 16 are complete. Many eminent speakers are to be present and these together with other entertaining features make up the excellent program.

Among the principal speakers outside of the state are Dr. Chas. H. Judd, University of Chicago and Mr. O. H. Benson, Director Junior Achievement Bureau of the Eastern State League, Springfield, Massachusetts.

Of those within the state, President Richardson, Hon. Sam A. Baker and George Melcher, President State Teachers Association are prominent.

The College faculty and students will act as hosts to the teachers during the convention. The plans are such that each person will have a part in entertaining the visitors. All persons should be in their places on time; with the entire College working together, the success of the convention is assured.

The Maryville Chamber of Commerce is co-operating with the College in extending hospitality to the visitors.

Thursday evening, the Chamber of Commerce, assisted by the faculty and students will entertain the visitors at an informal reception in the corridors and library. This will be preceding and after the general program of the evening. A program of music has been arranged.

The Courier staff will make report of each session of the meeting. They will also report for the Maryville Tribune and Democrat Forum.

The Committees which have been appointed are as follows:

Committee in charge of all plans: Mr. Hawkins, Dean Colbert, Miss Anthony.

Committee on general arrangements co-operating with the Chamber of Commerce: Mr. Wells, Mrs. Perrin, Mr. Colbert and Mr. Rickenbrode.

Publicity, badges and circulars of information: Miss Winn, and Miss Minnie James.

Decoration: Miss Olive DeLuco, Miss Hopkins.

Enrollment: Mr. Hawkins, chair-

(Continued on Page 8)

Sponsors Entertained Seniors—Class Director of Physical Education Was Formerly of Drake Staff.

The Senior Class was entertained by Miss Winn and Miss MacLeod, the business and social sponsors of the class, at a "get acquainted" party Tuesday evening, October 5th at the home of Dr. F. M. Ryan.

The Senior Class is composed of fourteen members, twelve girls and two boys. Ten of the girls, chaperoned by their president, Chas. Wells, enjoyed the evening very much.

One of the features of the evening was a contest in which the names of great people were pinned on the backs of the participants; each one then tried by adroit questioning to ascertain whom he represented. This furnished a great deal of amusement to everybody but Waive Hulet, who, even when told that she had just made her fifty-third home run, did not know that she was "Babe Ruth."

Chas. Wells' disappointment upon learning that he was President Wilson was pathetic. Harding and Cox were not antagonistic at the party in spite of the \$15,000,000 Republican campaign fund. Harold Bell Wright, Alice Roosevelt Longworth, and President Richardson were present and interesting talks were made by each.

Delicious refreshments were served and as it was getting late the party broke up. All left declaring that the party was a great success and that nothing was amiss with the Senior sponsors.

Philos Have Home Coming Tomorrow.

The Philos will give their annual Home Coming for the old Philos Thursday afternoon. A special committee is planning the program.

A picnic is to be given for the new members next Tuesday afternoon. Last week the following program was given:

Solo Helen Baker
Reading Mr. Miller
Short Story Edith Shoemaker
Philo Song.

Automobile Mechanics Taught Here.

Automobile mechanics is a new feature of the Industrial Arts Department this fall. This is a subject that very few colleges offer and a maximum enrollment was soon reached.

The course takes in chassis work in general with special attention being given to the transmission and differential gear.

A room is being fitted up on the south side of the power house for the class and a forge and drill are being installed. There is room enough for several cars to be worked on at one time.

The staff of the department of Physical Education is now complete. Dr. S. W. Hobbs of Des Moines, Ia., having been appointed to the position of director of Physical Education, his special work being that of College Physician and Examiner and instructor in courses in Public Health.

Dr. Hobbs is a graduate of the University of Iowa, holding the degrees of Ph. B. and M. D. During the last two years as a student in the University of Iowa he served as assistant director of Physical Education. He has been on the staff of Drake University for some eight or ten years up to the beginning of the war. He taught at different periods in the department of Biology and in the Medical and Dental Colleges of Drake University. During a portion of his time he served as an assistant physical director, teaching courses for teachers of Physical Education and served as University Physician and Medical Examiner. During a portion of his connection with Drake University he served as acting director of the department of Physical Education and as football and track coach. During the war Dr. Hobbs served on the medical staff at Fort Dodge.

Dr. Hobbs will be general director of the department of Physical Education in the enlarged scope of its work, including general oversight of the health of the students in the college and their physical examination. In addition to this he will contribute to the field service of the College thru lectures and discussions and such other forms of health service as may be developed thruout the several communities of the College district.

He will take up his resident duties about the 15th. Dr. Hobbs is assisted in the department by Mr. Robert C. Rice, instructor in Physical Education for men and coach of men's athletics, and Miss Mary MacLeod, instructor in Physical Education for women and coach of women's athletics. The scope of work of the department is being materially enlarged. Our plans call for a much greater activity in this field than has ever been undertaken before.

E. L. Harrington to Canada.

E. L. Harrington, former instructor at S. T. C. has accepted a position in the Saskatoon University at Saskatoon, Canada. Since the beginning of the war Mr. Harrington has been in the government employ. He has been doing scientific, research and laboratory work with the Westinghouse company, Bloomfield, N. J.

S. T. C. Defeated By Lamoni, 62-0

Webb Makes First Touchdown—Bearcats Outweighed 25 Pounds.

The S. T. C. football team went to Lamoni, Ia., Friday to play Graceland College. In the first minute of play, Webb, S. T. C. right half on a fake play ran 70 yards for a touchdown.

After that the two teams seesawed back and forth over the field, S. T. C., light and fast, making gains by their speed and Graceland plowing through the line at will by virtue of their weight. At the end of the first quarter the score stood 7 to 6 in favor of Graceland.

Beginning with the second period the heavy punishment inflicted on S. T. C.'s light team by the Graceland line and backfield began to tell and the Iowans began to pile up score after score, until at the end of the game, the score stood 55 to 6 in favor of Graceland.

Webb, Pickens and Captain Miller played extremely well and but for them the score would doubtless have been larger. The Bear Cats were outweighed 25 pounds to the man.

In the last period of the game the Lamoni right tackle struck Kirby, left end, in the mouth, inflicting a cut so severe that four stitches had to be taken in his lower lip.

Coach Rice says he has no statement to make and no excuses to offer other than the handicap of weight.

Alma Lucas Is Y. W. President.

The weekly Y. W. meeting was held Wednesday morning Oct. 6 at 10 o'clock. At this time two offices which had been left vacant were filled by election. The two were those of President and treasurer. Alma Lucas was elected president and Bess Curl treasurer.

The vocal solos rendered by Mrs. Charles Thorp were highly enjoyed by every one present.

Mr. Miller has received a letter from E. H. Ellsworth, a student of the College during the summer. Mr. Ellsworth is in the consolidated high school at Potter, Kan., and reports that the work is opening up well.

Miss Lucile Wright spent the weekend, Oct. 8-10, at the home of Mr. and Mrs. F. P. Houser in Grant City.

News of Northwest Missouri High Schools

High Schools Who are Your Reporters?

Bigelow and Smithville are the first high schools in the district to respond to the Courier's request for regular reporters. Both schools have appointed boys who have sent in excellent notes this week. Who will be next?

The other high school notes were gathered by members of the Courier staff.

Smithville.

Smithville has an enrollment of 125. The football team began the season by defeating Lathrop 13-0 in a game at Lathrop. The schedule is as follows:

- Oct. 15—Excelsior at Excelsior.
- Oct. 22—Richmond at Smithville
- Oct. 29—Hamilton at Hamilton
- Nov. 5—Liberty at Smithville
- Nov. 19—Open
- Nov. 25—Open

Bigelow

Bigelow has an enrollment of 35 students, eight of these being in the Senior Class. The faculty are: Miss Elizabeth McCormick, Miss Lillie Nelson, Miss Julia F. Lowry, all graduates or students of Maryville Teachers College.

The students have organized a tennis club and want to play games with other High Schools.

The Green and White Courier staff wish the "Booster" staff the best of success. "The Booster" is the Bigelow High School paper.

Rosendale

Supt. U. L. Riley reports an excellent basket ball team with good chances of winning. The school is in good running order and the faculty doing well.

Galt

A letter from Supt. E. A. Sparling says their basket ball team has played four games and won them all. That is a good beginning for so early in the season.

Easton—Stewartsville.

The Easton High School basket ball team won its opening game from Stewartsville Oct. 1, 10 to 8. Easton plays at Grayson Oct. 8.

Central St. Joseph—Smithville

The Central High School football team tramped on the Smithville High eleven Oct. 1, at League Park in St. Joseph 39-0.

Guilford.

Basket ball spirit was in a very high key at Guilford last week. Both teams were victorious at Barnard Friday, Sept. 24. The boys won with a score of 11 to 10, and the girls won with a score of 6 to 0.

Pattonsburg—Plattsburg.

Assistant Coach E. W. Glenn went to Pattonsburg, Friday Oct. 1, to referee a football game between the Pattonsburg and Plattsburg high school teams. The score was 62-0 in favor of Plattsburg.

Maryville—King City.

The Maryville High School football team played a game with King City Friday Oct. 1, at Maryville. The score was 60-0 in favor of Maryville.

Friends of Miss Bertha Hook, former Language instructor here, will be interested to learn that she is teaching in the Oceanside-Carlsbad Union High School at Oceanside, California. Her address is 503 B. Street.

She is planning a visit at an early date with Grace Stevenson, B. S. 1920, who is teaching at Redlands, California, to learn all the news about Maryville.

Pauline McDermott, a student of S. T. C. spent Oct. 2-3 at her home in Clearmont.

Chauncey Saville, a former student of the College, who is now in Columbia, Mo., attending the University writes the following letter:

I am enclosing a passport for the weekly voyager of that wonderful little paper; The Green and White Courier.

I congratulate the editorial staff on the paper last year, and may those of the coming year make it even better. It sure is a boost for the school.

With regards to my friends and former classmates.

Alumni Get Together in Iowa.

Frances Holliday, B. S. 1920, who is teaching in the high school in Corning, Iowa, spent the week end Oct. 1-3 with Lois Hankins, 1920, in Clarinda, Iowa. Francyl Rickenbrooke, 1915, was an additional guest. Both Lois and Francyl are teaching in Clarinda. Lois is teaching the kindergarten. The Kindergarten Department is unusually strong and well equipped. Lois is using the problem method which she used in her work in the demonstration school last year. Francyl is teaching General Science in the High School. She likes her work very much since they have a large high school and lots of pep.

First Tea of Year Given.

The monthly tea given by the College on Oct. 6 was in charge of Y. W. The program consisted of two readings: "The Rivals"—Sheridan, by Esther Foley, and "A Pleasant Half Hour by the Seashore" by Mrs. Steinmeyer.

After the program, punch was served and a social time was enjoyed by a large number of students.

President Richardson went to Des Moines Wednesday Oct. 6 on a business trip. On his way home he visited the teachers at Ravenwood who are former students of the College.

Biology 13 has been making a study of organisms in the city water. The class has found a variety of interesting types.

Biology 11 is arranged in five groups; each group takes care of one of the following school room projects: window boxes, aquaria, insect cages, bulletin board, and plant reproduction.

Charles Wells, the only boy in the class, is supposed to be manager of menagerie of any wild life the department may display.

Word has been received by one of the faculty members from Jessie Faut. Jessie is attending the "School of Home and Elementary Education" in Chicago. She is specializing in Kindergarten work. While in Chicago she makes her home at 701 Rush Street.

Mr. Foster went to Pattonsburg, Oct. 2. He organized two history classes for extension work. The courses desired there are Contemporary Europe and the League of Nations.

Miss Aroline Smith of the music department spent the week end at her home in Kansas City.

Alda Coffman of Forest City visited home folks Oct. 2 and 3.

Mr. and Mrs. B. L. Bristol and daughters, Percy Laura and Mrs. Florence Brusse of St. Joseph motored to Maryville Friday. Mr. and Mrs. Bristol are the parents of Jessie Bristol, who made the return trip with them. Josephine Grimes accompanied the party as far as Savannah.

Lon Mutz, in company with her parents, motored to Auburn, Nebraska Oct. 3 and spent the day with relatives.

Bessie Haskel, a music student at the college, spent Oct. 2 and 3 in St. Joseph visiting her sister who is ill at Noyes Hospital.

Dr. and Mrs. F. R. Anthony were dinner guests Sunday Oct. 3, at the home of Prof. and Mrs. Henry Foster.

Announcement is made of the marriage of Miss Grace B. Ribbins, a former College student, to Robert C. Tilson of Hopkins, Missouri.

Helen Baker drove to St. Joseph for the day, Oct. 1.

Alice Thompson, Donna Hinkle and Mrs. Maysel Laughlin, students of S.T. C. spent Sept. 26 with home-folks in Guilford.

Mr. and Mrs. Griffin accompanied Mr. and Mrs. Rickenbrooke to Harmony Sunday evening.

Miss Dow and Miss DeLuce entertained Miss James and Miss MacLeod at tea Sunday evening.

Esther Foley entertained Miss Dow and Miss DeLuce at dinner Sunday Oct. 3 at Perrin Hall.

Tuesday evening, Oct. 5, Miss DeLuce and Miss Dow gave a small dinner party at their apartment followed by a line party at the Empire theater. The guests were: Miss Anthony, Miss Hopkins, Mrs. Norman Chamberlain, and Miss Blanche Laughlin.

Jack Bland, a former student of the College, writing from Hope, North Dakota, requests that the Green and White Courier be sent to him. Jack is one of the boosters of the College and his old friends will be glad to hear that he has a good position in the schools of Hope, North Dakota.

Students Entertained at Church.

The Sunday School class of the South Methodist Church, taught by Miss Hazel Perry entertained Tuesday, Oct. 5, with a social at the church as a courtesy to the students of the State Teachers College.

Miss Perry is an alumna of the College, having received her B. S. degree in 1920.

Miss Eleanor Smith, who for the past two years has been business manager of the Maryville Conservatory of Music, prior to its purchase by the Maryville State Teachers College goes to New York City to study with Mr. Denton during the winter. She will sail from New Orleans Oct. 20.

Francis and Gladys Hahn attended a family reunion at the home of their uncle, Dube Simmons, near Orrsburg, Sept. 29.

About fifteen girls are learning tennis and the practice is regularly on Tuesday and Friday, 4:20. The courts are in splendid shape. Any girls who play tennis are welcome to come and use the courts at any time convenient. They hope to arrange tournaments while the weather remains pleasant.

Mildred Burks spent the week end Oct. 1, with Mary Marshall. While there they attended the Chatauqua and Home Coming at Harmony.

Here and There Among the Colleges

Out-of-the-State.

The Russel Sage Foundation published in April "An Index number for State School Systems" in which Montana was given first rank in the efficiency of its public school system in 1918. Col. Leonard P. Ayers, an impartial scientific student of education gave this rating and Montana has received the most desirable kind of publicity.

Prof. H. S. Dow who is head of the department of Sociology in Baylor University, Waco, Texas, has recently published a text book, "The Principles of Sociology." The book is designed for College and University students and has already been adopted as a text by various colleges.

Prof. Dow is the brother of our Miss Dow.

Incomplete registration figures from Columbia University indicate that their enrollment this year will exceed 31,000. Columbia will then be the largest educational institution in the world.

The University of London has fifty-three constituent Colleges.

That university training is highly regarded in Japan is evidenced by the fact that the government schools of College grade have for the past few years been unable to accept more than two-thirds of the applicants.

The International College at Smyrna never closes its doors. Classes are held all the year, and there are no vacations.

The University of California has a registration for 1920 of 9,444 students. The enrollment in the correspondence courses of the university numbers 42,000.

In-the-State.

Dr. David J. Evans has been elected president of the William Jewell College at Liberty, Mo. Dr. Evans is the first alumnus to become president of the College. He entered William Jewell as a student, January 1, 1895, and became president in just twenty-five years to a day, January 1, 1920.

Friday afternoon, Oct. 8, the inauguration of Dr. D. J. Evans took place in the Christian Church at Liberty. An address was delivered by Pres. Hill of the University of Missouri, followed by the Inaugural address by Pres. Evans.

Dr. Hendricks, president of the State Teachers College at Warrensburg, was the principal speaker at the Community Day program given at Kingston, Mo., Oct. 1. His subject

was "The Consolidation of School Districts."

Professor Isaac S. Corn, head of the department of Bible in Missouri Wesleyan College was made dean of the College, Sept. 21.

Missouri Wesleyan College has twelve alumni attending the University of Boston.

Mrs. L. W. St. Clair-Moss has been in office as a college president for twenty-five years; nineteen years at Christian College, Columbia, Mo., and six years at Hamilton College, Lexington, Ky. Upon her urgent request Mrs. Moss has been released by the Board of Trustees from the management of Christian College and in recognition of her long service has been given the title of President Emeritus. She will promote plans for keeping the alumnae and former students in touch with the college and will also assist in campaign plans for endowment and buildings.

Edgar D. Lee has been unanimously elected by the Board of Trustees as the new president of Christian College. Mr. Lee is a Missourian, having been born and reared near Ladonia, Audrian County. He holds the degrees of Bachelor of Science, Bachelor of Arts, and Master of Arts from the University of Missouri. He is also a member of the national educational honorary fraternity, Phi Delta Kappa and a Mason.

For the past two years he has been professor of political science and history at Christian College and was vice-president during the year 1919-20.

Correspondence Work Begins.

The Correspondence Department of the State Teachers College at Maryville has at present an enrollment of 32 students. Many others will enroll in the next week or two. There are 24 towns represented and from King City, Albany, Craig, Oregon, Graham, and Maryville there are several former students taking correspondence work.

The Correspondence subjects that were selected are: History, English, Economic Geography, Education, Biology, French and Latin.

The work has really begun and numerous lessons have been sent to the persons engaging in the work of this department.

Miss Bernice Rice, former proprietor of the Maryville Conservatory of Music and at present proprietor of the Oklahoma City Conservatory of Music has received an offer from Shuman-Heineck to start a Conservatory in California.

Madam Shuman-Heineck offers Miss Rice her financial backing during the remainder of Madam's life and ten years after her death.

Mr. Swinehart went to Tarkio to officiate at the football game Oct. 1. He refereed a game at Clarinda Oct. 7,

Reception Given Past, Present and Future Eureka—Cider Was the "Specialty."

The Eureka like cider, good fresh cider, and lots of it,—ordered, made and obtained in a hurry.

Leaving the college at 2:45 Thursday Oct. 7, Gladys Bookman, and William Mapel started on what they thought was a 10 mile drive, but after stopping at different farmhouses along the way, they learned they must go 6 miles further. Upon arriving there (much to their horror) no cider was ready for them, but within a few minutes time a large can of cider was stowed safely away in the car, and it was delivered at 4:15 to the anxious hostesses, Mable Cook and Alice Peery.

In the meantime, the Ladies parlor was a scene of much gaiety, where more than 50, past, present and future Eureka played games and enjoyed music.

Autumn leaves and flower were used thruout the room being very attractively banked around the "Old Oaken Bucket" of cider, and plates of doughnuts from which all drank freely and ate real old fashioned doughnuts.

Everyone is invited to the regular meeting Thursday Oct. 14.

Girls Are Having Most Interesting Work in Hockey and Tennis.

Hockey is progressing exceedingly well. There are 28 girls who have signed up for it now. They are lined up in two political teams, the Harding team and the Cox team. The teams, however, are not fully organized yet, but captains and managers will be chosen soon.

The Harding team consists of Jeannie Blacklock, Ellen Sheley, Madalyn Morris, Edith Shoemaker, Lois Miller, Margaret Remus, Iva Lape and Myrtle Argo.

The Cox team consists of Iva Griffin, Mrs. Caroline Leet, Florence Loomis, Lucile Wright, Alice Peery, Mabel Cook, Esther Foley, Alma Eaton, Ellen Mitchell, and Mary Irwin.

Thelma Brown, Mary Hansell, Vera McLeod, Ruth and Gladys Bookman, political preference we have not yet found out.

The contest will be between the two teams and will be as close as that between the two presidential parties.

Anyone wishing to lend aid or support may come out to the hockey field any Monday or Wednesday afternoon at 4:20.

Miss Hettie M. Anthony went to Eureka School, Oct. 12, where she lectured before a Community Fair.

Miss Mildred Broyles, a former student, is teaching there and is doing good work.

Miss Anthony also has an appointment at the New Point Consolidated School, Oct. 21-22 where Mr. Skeleton, a former student, of S. T. C. is Supt. The topic to be discussed is "Nutrition of Children."

Miss Anthony Supervises Baby Clinic.

Miss Hettie M. Anthony supervised the "Baby Clinic" each morning during the Harmony Farmers Chautauqua. She was assisted by Mrs. Watts of Iowa who is interested in promoting the better health for families.

For a beginning the clinic was quite thoro. Miss Laughlin, the Red Cross nurse and Dr. Vilas Martin gave the physical examination and Dr. Keller, the psychological examination. The babies and children of the community were tested and much interest and enthusiasm was shown. Harmony is an unusually progressive community and is to be highly commended for the initial step which it has taken.

The result of the tests show that the community is above the average in mental and physical culture.

It is hoped that "follow-up work" will be done, until the examinations and tests include the entire family. It is a great step toward "Better Health and Fitter Families."

Harmony Grateful for Our Help.

The people at Harmony were well pleased with the assistance the college rendered in giving the programs for the Chautauqua and home coming event last week.

One evening the moving picture which was scheduled failed to appear; the music department of the college stepped into the breach and gave a program which delighted the audience so much they did not feel the loss of the movie.

Maryville Now Has Good Water Supply.

The improvements on the city water plant that have been in progress for the last year, are now about completed.

A large reservoir which holds enough water for a three months supply for the city and new electric pumps which make it possible to filter all water that is sent thru the pipes have been added. This, with a large concrete reservoir near the business part of town with two special pumps for fire protection, will insure us a good water supply the year round.

Emma Dugy, a former student, now at Jamesport, Missouri is planning for some correspondence work this winter, and next year to finish her 60 hour course.

Dr. Keller Gives Tests at Harmony.

Dr. Keller rendered very efficient service to the Harmony community during their chautauqua by giving mental tests to the entire enrollment of the school. In giving these tests Dr. Keller first gave each child a private test, then a public demonstration test. In examining the seventy-two pupils enrolled Dr. Keller found the average result to be above normal.

When speaking of the people of this community Dr. Keller said they were a progressive people and were ready to receive any good thing.

THE GREEN AND WHITE COURIER

THE GREEN AND WHITE COURIER MARYVILLE, MISSOURI

Edited and managed by the students and published once each week at the State Teachers College, Maryville, Mo., except the last of August and first of September.

Entered as second class matter, Nov. 9, 1914 at the Post Office at Maryville, Mo., under the act of March 3, 1879.

WEDNESDAY, OCTOBER 13, 1920

All of Us.

This week our college will be filled with many visitors, some of them former students, many of them strangers who are here for the first time. We who have been here since September have much information which they will need, let us remember this and be ready to help at all times.

The committee on arrangements has given each of us a job for the time of the association; if each of us is on his job all the time this will be the best convention ever held in the state. Our reputation of courtesy and hospitality depends on every member of the college from the president down to the youngest freshman or the oldest janitor. Let us remember this.

It matters not what private concerns you may have, manage to lay them aside for the two days, October 14 and 15. In addition to the work assigned you by the committee be ready at any moment to help any guest who needs you. Your badge shows that the committee has faith in you, live up to it.

All together faculty and students, for the sake of old S. T. C. let's give our visitors a royal welcome and keep it up until the last one departs.

To the Faculty.

There seems to be much misunderstanding as to when the paper goes to press. Each week the copy is delivered to the printer Friday afternoon. The last meeting of the class is Thursday at eleven; at that time each reporter should have all of the notes written up ready for correction and discussion.

No material will be used unless it is in at that time except when some unusual or unexpected occurrence takes place after that hour. All copy must be corrected, typed, and again corrected before it goes to the printer. As the instructor in journalism leaves each Friday afternoon to conduct an extension class, all of this work must be done Thursday afternoon and Friday morning.

Because of the pressure of business at the local printing office, the papers are not ready for the readers until

Wednesday. When you pick up a paper on Wednesday do not expect to see an article which you gave to the reporter Monday; it will appear in the next issue.

EXTRA.

How many have noticed the holes that are being dug along the drive? Lombardy poplars are to be planted there. Former students won't know this campus within a few years. It's beautiful now but just close your eyes and think how it will appear in five years. Won't you be proud to say, "I used to attend the College at Maryville."

EXTRA.

Are the students out here all so studious that they can't attend a "have a chat" tea or is it because they don't want to go? Maybe you don't like tea. But tea isn't always served and if it is—don't you like the cookies that go with it? Come to the next one and give it a trial at least. Be a mixer.

Mrs. J. L. Gregory and little daughter Dorothy Louise visited the College Oct. 5. Mrs. Gregory is a former student of the College.

The College is carrying on two extension classes at Carrollton, Missouri, this fall, under the direction of Miss Beatrix Winn. Miss Winn leaves every Friday afternoon for Carrollton and does not return to Maryville until Sunday.

One of the classes is in advanced composition while the other is the second term of American history. So far each class has seven members who come from neighboring towns and country, but it is probable that there will be more in the near future. The term lasts for ten weeks.

Departmental Notes.

Music

The ladies chorus held its regular meeting Wednesday Oct. 6 at 10:00 o'clock and practiced some songs to be used during the State Teachers Meeting, Oct. 14-16. Fourteen girls were present.

The Conservatory rooms are very attractive now, with their newly papered and painted walls.

Two new Bush and Gerts pianos have been added to the equipment this week.

The first faculty recital by the members of the music department will be given early in November—the date and place to be announced later.

All boys interested in Glee Club should see Mr. Kutchinski.

Home Economics.

Preliminary steps in Foods Class 71a have been taken toward planning and serving meals. At the present time they are planning breakfast for the average family and will continue until

they have planned the menu for the entire day.

Education.

The members of the class in general psychology have been busy for the past week analyzing their own powers of imagery.

Biology

Industrial Arts.

All class periods in the industrial arts department last two hours this year instead of one, as they have in the past.

Spanish.

Mr. Wells reports that the Spanish classes are booming. The advanced class is looking forward to a visit of the new Presbyterian minister who speaks Spanish fluently.

History

Mr. Cook has received more calls for correspondence work in advanced American History than ever before. The courses offered cover a greater amount of subject matter than formerly. This shows that the work of the College is extending to the more remote parts of the district.

ALUMNI.

Nina Bent, B. S. 1918, writes an interesting report of her work in Boulder, Colorado. She teaches art in the preparatory school of the University. The school has an enrollment of 900 students and the faculty numbers 40 members. The school shows an unusual amount of "pep." They have just been celebrating their annual holiday—the flag rush. It is a skirmish between the Sophomores and Freshmen when each tries to place their banner on Flagstaff, a nearby mountain. The winners prove their right to wear the school colors.

A. M. Darnell, B. S. 1920, is located at Craig, Colorado, about 250 miles northwest of Denver. Craig is quite an aristocratic place for a western town with 2,000 population. Coal and oil prospects in the vicinity promise a future for the place. There are 15 teachers in the town school and 4 in the country, most of them homesteaders from the east. When the homesteaders come to town in October it will be necessary to increase the teaching force. Mr. Darnell reports the school work is progressing nicely. The Senior class has an enrollment of 16. Construction on the new school building is not moving along rapidly and they probably will not be using it before early spring. At present the grades are distributed over the town.

Mr. Darnell reports a heavy snow last week making everything look like Christmas time.

Sage chickens, grouse, antelope, deer and mountain lions are very plentiful there. Mr. Darnell already reports a real dinner of roast venison.

Frieda Shaffer, 1920, who is handling the project method in the primary department at Benton School in Kansas City is pleased with her work. She

sends her best wishes to the Philos and to all of her friends at the college.

"Dad" Searlett, 1916, is teaching in the school at Valley City, North Dakota. He writes that he is well pleased with his work and school conditions at that place.

He asks that best regards be given to all former friends and students of the college.

Blanche Criswell, 1916, Supt. Consolidated District No. 1, Holt County, near Mound City, was in Maryville last Saturday making arrangements for some correspondence work this winter. She expects to enter the college next spring to finish her degree course.

Mattie Dykes, B. S. 1919, who is Principal of the High School at Flagher, Colorado, writes that she has been to visit Mr. and Mrs. King. Mrs. King was formerly Miss Hughes, an instructor in the S. T. C.

Margaret Kibbe, 1918, writes that she is enjoying her work in the lower primary at Grant City and sends her fee for the Courier.

Lillian Hall, 1917, of Stanberry and Willard Ed McKean of Shenandoah, Iowa, were married Wednesday, October 6th, at the Christian Church parsonage by Rev. R. E. Snodgrass.

Tessie Degan, B. S. 1919, is the instructor of the journalism class of the Normal College at Dillon, Montana. The Normal College Index made its first appearance September 23. It is an interesting paper with a good make up. Miss Degan received her training as editor in chief of the Green and White.

Etta Sutterlin, 1920, spent the week end October 2-4 at her home near Maryville.

Helen Leffler, 1910, of Lyndon, Kansas, attended assembly Sept. 28.

Athletics.

Perry Culver, former football star has enrolled in S. T. C. and forms a valuable asset to the football team. By his addition to the team much aggressiveness is added to the squad.

Dennis Collins former high school and college football star has added himself to the array of football men. Collins comes to us from Omaha where he played college football.

Coach Rice has been trying to work up interest in tennis. So far the only aspirants seem to be—Gladys Bookman and Miss MacLeod. Coach Rice is a former college tennis star and is fully and ably qualified to render valuable assistance to all persons who wish to know anything about tennis.

In the Physical Education Department Mr. Rice has a class of boys about fourteen years of age. He is teaching these boys soccer football and hockey.

Miss Beulah Brunner was the dinner guest of Gladys Bookman at the Linville Hotel Oct. 3.

Miss Blanche Dow spent the week end, Oct. 8-10 at her home in Liberty.

Ruth and Marcella Hawthorne spent the week end Oct. 1-3 at their home in Braddyville, Iowa.

Mr. A. W. Garten came up Oct. 2 to visit his daughters Mildred and Lethel.

Mrs. Arman Gill of Dayton, Wyoming, who was formerly connected with the conservatory is a visitor in town this week.

Mr. Wells is conducting an extension class at Edgerton, Mo., in Latin American History. Thus far there are about ten enrolled.

Maryville Business Men Interested.

The Maryville Business Men are very much interested in our football team this year. They express an earnest desire to see us produce a winning team. Boosting is what we need. Let every student become an enthusiastic booster of the team this year and see what they can do with that support. Interest, enthusiasm and "pep" are the real life of a college team. Let's produce a 'live bunch' who can prove up to their Beareat reputation.

Elene Coffey, who lives east of Maryville has recently enrolled in the College.

THE GREEN AND WHITE COURIER

The Stroller.

The Stroller had such a good time at the senior party that she has been feeling too independent to stroll much among the common herd this week because she met so many of the notables of the land. If the local campaign committees had known what a pull the sponsors had with the candidates they would have insisted on a public meeting. But the secret was kept so the seniors alone had the privilege of meeting Harding, Cox, Hyde, Atkinson, President Wilson and many other famous speakers. Ask any senior where the candidates and, they have inside information.

The party was unique as to refreshments too but the senior president is equal to any emergency even to furnishing the cash for cats.

As the Stroller was going down Main St., one afternoon last week he saw an army officer accost Mr. Griffin. Much to the Stroller's surprise, Mr. Griffin came smartly to attention and replied in a frightened voice. Evidently he was thinking of past experiences; wonder what they were.

The Stroller was informed that one of the faculty ladies was heard to laugh aloud at assembly last week, he does not know if it is true because he was snorting most of the time himself but anyway she thinks it all right because no one except a chronic grouch could refrain from hearty laughter and the Stroller thinks a chronic grouch should be treated with as little respect as a flu germ or a Bolshevik.

Dr. Keler told the Stroller he thought Mr. Rugg did not give his wife a fair show by using up 40 minutes and only leaving her 10. Hurrah for Dr. Keller, we believe in equal rights too.

The Stroller is willing to bet that the Eureka girls will all be on the side lines yelling for the Beareats. Why? Well the other day he saw Edith Holt and Olivette Godsey laughing so loud in the library that he was sure they would get called down. So she sneaked over and peeked over their shoulders and saw that they had a letter from Jack Bland in which he asked them to select some good looking blonde who was a Eureka as his proxy on the sidelines. There are so many good looking girls in the society that we predict there will be plenty of proxies.

The other day while visiting in the kindergarten, the Stroller heard a small youngster deliver the following:

Little Miss Muffet sat on a tuffet
Eating curds and whey
Along came a spider
And sat down in some cider.

THE ASSOCIATION PLANS COMPLETED

(Continued from Page One)

man, Mr. Wilson, business manager.

Meeting trains: Burlington—Mr. Cauffield, Mr. Leeson; Wabash—Mr. Cook, Mr. Steinsmeyer.

Housing and Placing: Mrs. Perrin,

Mr. Swinehart, Mr. Rice, Miss Garrett.

Reception: Mr. Miller, Dr. Keller, Miss Dow.

General Information: Miss Hudson. Ushers, Stage, Auditorium and Admission: Mr. Glenn, Mr. Griffin, Miss Miller, Miss Brunner.

Music: Miss Margaret James, Mr. Kutschinski.

Reception Thursday evening: Mr. Neilsen, Mr. Ed Schumacher of Chamber of Commerce co-operating with the college reception committee.

The general officers of the association are as follows:

President—Egbert Jennings, King City; First Vice-President—Fred Roach, St. Joseph; Second Vice-President—J. A. Higdon, Tarkio; Third Vice-President—Hallie Burton, Gallatin; Secretary—C. A. Hawkins, Maryville; Treasurer—W. O. Harvey, Chula.

The executive committee is as follows:

W. A. Power, Ravenwood; S. W. Skelton, New Point; J. C. Gobbey, Savannah; Egbert Jennings, King City, Ex-Officio, President; C. A. Hawkins, Maryville, Ex-Officio, Secretary.

Plenty of Band Music for Big Soldier Reunion.

Five bands, including the Maryville concert band, have been engaged for the big reunion of war veterans to be held in Maryville, Wednesday, Oct. 13.

Band music, lots of it and enough to last all day is one promising event. Through the perseverance of John Mutz, chairman of the Music Committee, and Mr. C. D. Kutschinski, the Burlington Junction, Clearmont, Skidmore, and Maitland bands were secured.

The Clearmont and Burlington Junction bands will probably combine in one big band for that day and the Skidmore and Maitland bands will do likewise. The Maryville band will be in full force under the direction of C. D. Kutschinski and are preparing a lively program for that day.

Mrs. W. I. Rugg, formerly Miss Myra Hull, 1913, and her husband visited her parents, Mr. and Mrs. H. W. Hull last week.

Miss Minnie James brought her class to the Demonstration School October 6th to observe the posture of the children and the kinds of desks they use.

Demonstration School Notes.

October 5th was observed by the Demonstration school as Missouri Day. The children all learned and sang "Missouri Mine." They read poems by Eugene Field.

The members of the class in Educational Psychology have begun their regular observation in the Demonstration School.

An Entertaining Program Is Given at Assembly.

Mr. and Mrs. W. I. Rugg, of the Moody Bible Institute, Chicago, entertained the students at assembly last Tuesday. Mr. Rugg is field representative and business manager of the publicity department of the Moody Institute. Mrs. Rugg, who was formerly Miss Myra Hull, is an Alumna of the College. She has been in charge of the sewing and part of the cookery of the Institute since her marriage. She introduced the Teacher Training course in sewing and cooking in the institute. Mrs. Rugg expressed her indebtedness to the college and faculty for the training that enabled her to do this.

Mr. Rugg gave a very pleasing talk to the students, with "Service" as his subject. Service as defined in the dictionary is labor that is performed for others. Everyone is rendering service of some kind and we cannot render efficient service without preparation. Mr. Rugg emphasized the fact that every student should strive to attain the best education that can be secured, and he congratulated us upon our splendid faculty and equipment of which we have the right to be proud. He further assured the students that the teaching profession is one of the noblest forms of service.

Preparation for service will avail us little if we have not learned the application. One must be able to put theories into practice and to apply the college education. Otherwise real service cannot be given. Last of all is the compensation received for real service. The world is in need of people who can give true service and is willing to compensate the one who renders it.

Mr. and Mrs. Rugg sang two selections, "Keep on Hopin'" and "Never Give Up," which were very pleasing. Mr. Rugg had with him his portable organ which weighs seventeen pounds.

Central College Sends Football Schedule.

A letter was received from the Central Collegian, Fayette, enclosing their football schedule as follows:

Oct. 8—Central vs Kemper, Fayette.
Oct. 15—Central vs Missouri Valley, Fayette.
Oct. 22—Central vs Kirksville Normal, Kirksville.
Oct. 29—Central vs William Jewell, Liberty.
Nov. 11—Central vs Missouri Wesleyan, Fayette.
(Home coming game)
Nov. 18—Central vs Warrensburg, Warrensburg.
Nov. 26—Central vs Westminster, Fayette.

The schedule for Maryville State Teachers College was published in the Sept. 29 issue of the Courier. Since then we have added a game Oct. 8 with Graceland College at Lamoni, Ia.

Fern Campbell and Marjorie Ewing went to St. Joseph Wednesday, Sept. 29 to hear Governor Cox speak.

Children Study Irrigation

The Demonstration school children have been studying industries. Their problem for the past week has been irrigation.

Miss Lola Moore, a student, explained to them how irrigation was carried out on her father's farm in Nebraska. They, then, read about irrigation in books.

Next, they worked out an irrigated farm on their sand table with part of an erector and a battery so that the gate could be raised and lowered by electricity. The fields of rye, barley and wheat and the orchards are there. Also the reservoirs, both large and small.

The children carried out the problem farther by making a map of the irrigated district of the United States.

They solved Arithmetic problems as to the expense of irrigation.

They wrote compositions and learned a number of new words connected with irrigating.

This problem method shows two things, first—the information they get concerning the problem and second—the vitalization of school subjects.

College Orchestra Begins Work.

The College orchestra under the direction of Mr. C. D. Kutschinski held their first rehearsal Wednesday, Oct. 6, at 10:00 o'clock, which will be their regular meeting hour. There were twelve present and the prospects are fine, but it seems there are others who should be enrolled in this work. Anyone playing any reed instrument is especially wanted, as there is a shortage of such instruments.

At present the instrumentation is as follows:

Piano.....Mary Margaret Richey.
Violins.....Maude Kibbe, Vincelle Hunt, Alice Thompson, Lois Miller.
Cello.....Mildred LaFavor.
Cornets.....Carl Ferguson, Charles Ellmore.
French Horn.....Prof. C. C. Leeson.
Trombone.....Ferd Masters, Jesse Boatman.

Freshmen Elect Officers.

The Freshmen class met Friday, Oct. 1, and organized their class with the following officers:

Jesse Boatman.....President
Margaret Remus.....Secretary
Carl Ferguson.....Treasurer

The choosing of a social adviser was postponed until the next regular class meeting.

Farmer's To Picnic Friday.

The Farm Bureau will give a picnic to the farmers of the county, Friday, October 15th, at the college building. In the afternoon there will be an address by A. J. Meyer, Executive Secretary of the Missouri Farm Bureau Federation. Henry Wallace, Editor of "Wallace's Farmer" of Des Moines has been invited.
